Short Reach Extending Jib

The ideal telescopic jib for use where space is confined for lifting varying loads at varying load centres.

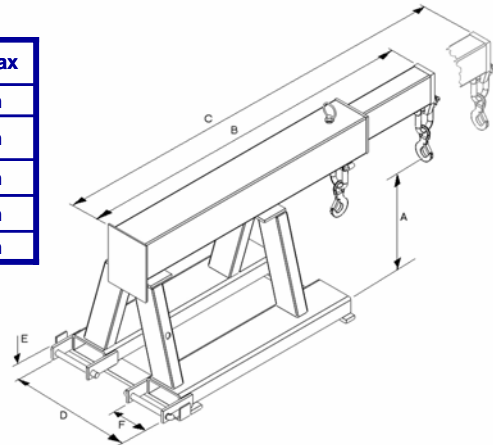

Use :-

Allows transport of long loads. The two hooks provided allow loads to be slung at greater centres than with a conventional fixed jib. The greater length available allows loads to be picked up from otherwise inaccessible areas. Supplied complete with two swivel hooks. Manual extension.

Model Ref.	Truck Capacity	'A' Hook Height	'B' Closed Length	'C' Open Length	'D' Fork Spread	'F' Max Fork Width	'E' Max Fork Thickness
SRX500-1.8	2000 kg	191 mm	1250 mm	1750 mm	496 mm	125 mm	50 mm
